COMMENTS*

I support the covering of the Kensington Expressway with ventilation provided that the
levels below the national ambient air quality standard do not cause health issues for the
community. I do not support the removal of parking along Humboldt Parkway, especially
where it is completely eliminated. Further, I also support continuing this work all the
way to Delaware Park.

E-mail: _____

COMMENTS*

I support the covering of the Kensington Expressway with ventilation provided that the levels below the national ambient air quality standard do not cause health issues for the community. I do not support the removal of parking along Humboldt Parkway, especially where it is completely eliminated. Further, I also support continuing this work all the way to Delaware Park.

Address: _____ Date: 11.8.23
Phone Number: _____ E-mail: _____

COMMENTS*

I support the covering of the Kensington Expressway with ventilation provided that the levels below the national ambient air quality standard do not cause health issues for the community. I do not support the removal of parking along Humboldt Parkway, especially where it is completely eliminated for residents. Further, I also support continuing this work all the way to Delaware Park.

I'm concerned about displacement, Legacy East home owners being forced to move due to increased property tax and parking violations. If there is no adverse impact or consequences, I'm in support.
-CL.

COMMENTS*

I support the covering of the Kensington Expressway with ventilation provided that the
levels below the national ambient air quality standard do not cause health issues for the
community. I do not support the removal of parking along Humboldt Parkway, especially
where it is completely eliminated. Further, I also support continuing this work all the
way to Delaware Park.

COMMENTS*

I support the covering of the Kensington Expressway with ventilation provided that the
levels below the national ambient air quality standard do not cause health issues for the
community. I do not support the removal of parking along Humboldt Parkway, especially
where it is completely eliminated. Further, I also support continuing this work all the
way to Delaware Park.

**Any information provided on this form may become part of the project file, which is a public record.*

Comment: I support the covering of the Kensington Expressway with ventilation provided that the levels below the national ambient air quality standard do not cause health issues for the community. I'm not in favor of the removal of parking along Humboldt Parkway, primarily where it is completely eliminated for residents. Further, I also support continuing this work all the way to Delaware Park.

COMMENTS*

I support the covering of the Kensington Expressway with ventilation provided that the levels below the national ambient air quality standard do not cause health issues for the community. I do not support the removal of parking along Humboldt Parkway, especially where it is completely eliminated for residents. Further, I also support continuing this work all the way to Delaware Park.

COMMENTS*

I support the covering of the Kensington Expressway with ventilation provided that the
levels below the national ambient air quality standard do not cause health issues for the
community. I do not support the removal of parking along Humboldt Parkway, especially
where it is completely eliminated. Further, I also support continuing this work all the
way to Delaware Park.

Subject: [Ext] PIN 5512.52 Kensington Expressway Project Comment Form

Name: Tabb, Reyona

Address:

Phone:

Email: .

Include on future project updates: NO

Affiliation:

Comment: I fully support the covering of the Kensington Expressway with the guarantee that the levels of ventilation will be below the national ambient air quality standard and will not cause health issues for the community. I support this covering to continue down to the Delaware park area. I do not agree with or support the removal of parking along Humboldt Parkway. Resident parking will be eliminated and that will cause a huge inconvenience to the residents of this area and surrounding community.

COMMENTS*

I support the covering of the Kensington Expressway with ventilation provided that the
levels below the national ambient air quality standard do not cause health issues for the
community. I do not support the removal of parking along Humboldt Parkway, especially
where it is completely eliminated. Further, I also support continuing this work all the
way to Delaware Park.
